- And our Community

#### **That builds our special place for learning.**

#### **Play**

- Is how we inspire exploring, experimenting, making and doing
- Is how we practice being
- Is how we make discoveries about ourselves, each other and the world around us
- Is how we join the learning together.

Our Kindergarten program is guided by the Victorian Early Years Learning and Development Framework. It is about Belonging, Being and Becoming.

Together we are always looking for ways to improve what we do, where we do it and how we do it. We are committed to providing a child safe and child friendly environment which protects children from abuse.

Our preschool is a place for children to discover and develop who they are as an individual, as a friend, and as a member of the group. We provide a unique indoor/outdoor environment that invites children on a learning journey.

We invite our families to share that journey.
