

Drouin Kindergarten

Philosophy Statement

At Drouin Kindergarten we strive to provide a friendly, open environment where families feel welcomed and children are valued as active contributors to our community. We are inclusive of all children and families, their cultures, beliefs and values.

The children value:

- Friendships with other children and teachers
- Outdoor play
- Getting excited to come to kinder to play and learn

The families value:

- That the kindergarten is inclusive of all families and family members
- The educator's dedication of planning inviting learning spaces
- The educator's contribution to their child's development
- The support offered by educators to children and families

The educators value:

- Building genuine relationships with children and families
- Working as a team with other supportive educators
- Our physical environment, where children can explore the outdoors all year round
- Play based curriculum that allows children to be independent learners

Our practice is guided by the National & Victorian Early Years Learning & Development Frameworks, Early Childhood Australia Code of Ethics and the Australian Child Safe Standards.
