Harcourt Pre-school

Philosophy Statement

We provide a high quality program based on the outcomes of the early years framework whereby children are valued as individual learners with individualized goals. Our kindergarten will be set-up to include many natural resources valuing a home-like approach to extend learning and provide a nurturing environment. Families feel welcomed within the kinder and their contribution worthy in learning of the 'whole child'. The kinder aims to be financially secure enabling funds to be used for the benefits of the children.

Success at our kinder is measured by a number a factors which are regularly reviewed. The children will be engaged and enthusiastic about their learning based on a program reflective of needs, interests and abilities. The children will move beyond their comfort zones to take risks and develop positive attitudes when attempting new experiences thus promoting higher self-esteem for optimal learning. It is encouraged that the children will have an appreciation of the natural environment and seasonal changes Families are invited to participate in their child's learning through feedback on goals and reflections.

Harcourt Pre-school will be a kinder of high standards offering an individualized approach whereby learning is creative and enjoyable. Our profile within the community will be positive. A supportive kindergarten community participating in fundraising, organized events with a shared vision and knowledge of the direction of Harcourt's future.
